- An undergraduate GPA of 3.0 or higher
- GRE scores of 600 quantitative, 500 verbal

Scholarship benefits:

- Full tuition coverage
- Housing and health care allowances
- \$25,000 a year Stipend
- Laptop Computer
- Books and course related supplies
- Travel stipend for professional conferences, internship, and job fairs.

The Air Force Institute of Technology (AFIT) at Wright-Patterson AFB Dayton, Ohio, provides scholarship opportunities targeted to non-military students who are seeking a Masters Degree in Cyber security.

This is made possible from a grant through the National Science Foundation (NSF) Scholarship for Service program (Cybercorp).

This program allows students to obtain advanced graduate education in return for federal service upon degree completion.

Federal government service time is equal to the amount of time of scholarship support. A typical academic program length is 24 months.

Fellowship benefits include: full tuition, stipend, computer and book allowance, housing/health care allowances and conference travel opportunities.

Obligations to the Federal Government:

- Complete Cyber focused Masters program
- Work 24 months for the U.S. Government as a civilian employee
