AFIT Awards 228 Master's & Doctoral Degrees

On 24 Mar 2016, AFIT's Graduate School of Engineering and Management hosted a commencement ceremony at the National Museum of the United States Air Force. Degrees awarded at the ceremony included 219 Master's (three students earned dual degrees) and six Doctor of Philosophy degrees. In addition, eight Master's and 26 Doctoral graduates returned to walk in the ceremony. Read more here. See pictures here. Watch the video here.

Graduate School's Annual Report Now Available

The 2015 Annual Report highlights research areas (Additive Manufacturing & Energy Engineering are the focus for this report), new academic programs, faculty accomplishments and news, and provides top-level sponsor-funded research data and information. Download your copy here.

AFIT Alumni Leading Wright-Patterson AFB

The new 88th Air Base Wing Commander, Col Bradley McDonald, earned an M.S. in Cost Analysis in 1998. When Col McDonald takes over in June, he will join Col Elena Oberg who is serving as the Vice Commander. Col Oberg earned an M.S. in Systems Engineering in 2005. Read more here.
Alum Uses Birthday to Fight Child Trafficking
Lt Col (Ret) Brian Raduenz (M.S. Electrical Engineering, 1992) celebrated his 50th birthday by hosting a benefit for ERASE Child Trafficking - a U.S. based organization focused on eliminating child trafficking by implementing a holistic approach, from education and recovery to life reclamation.
